

ENRICHMENT AT TESTWOOD

Year 7 & 8 British Sign Language Society visit, February 2023

We were very fortunate to be visited by one of our former students, Charlotte Evans, who generously gave up her time to introduce some of our students to the basics of sign language.

Charlotte is reading Politics and History at Cardiff University where she is also a representative of the British Sign Language Society. Charlotte shared with us her knowledge and some practical tips for getting started with signing. We thoroughly enjoyed her visit and look forward to seeing her again soon to teach us some more!
