Testwood School Induction 2023

Bonjour! Did you know that there are over 220 million people who speak French as their first language in the world?

People who speak French are called *Francophone* and the group of countries where French is spoken are referred to as *la Francophonie*.

Some research even suggests that French is the fastest growing language and that by 2050, it would be the most commonly spoken language in the world!

Task 1

French is spoken in many countries. Can you research and find **at least 8** countries where people speak French?
